

International Student Transfer Request from UTS College to Other Provider Procedure

PROCEDURE PURPOSE

Under the National Code 2018 UTS College is required to have a documented procedure for the assessment of international student requests to transfer either from other institutions to UTS College or from UTS College to other institutions. This procedure is to enable transparent decision making when dealing with requests to transfer from UTS College.

Students undertaking a packaged course of English and UTS Foundation Studies and/or Diploma or Degree, will have the Diploma or Degree respectively as their principal course. Legislation only allows students who have completed 6 calendar months of their principal course (the course for which they have been granted a visa, or the final course in a visa package), to transfer without the need for approval.

Any student on a UTS package visa, if still studying at UTS College, will not have completed the required 6 calendar month period.

SCOPE

This procedure applies to all International students and UTS College staff who deal with International student requests to transfer from UTS College to another provider, specifically staff in the Student Centre, and Student Sponsorship, Compliance and Reporting Team.

This document does not apply to foreign government sponsored students. These students do not require a release although confirmation of release is required on PRISMS.

For students wishing to transfer from other providers to UTS College, refer to the Student Application and Admission procedure.

DEFINITIONS are set out at the end of this procedure.
